Family Talk Time

What does it mean to be made in the “image of God.” How do you think we can better come to know who God is?

Prayer to say as a family this week:

O Lord God, who has wonderfully created man and woman in Your image and likeness, and who, by the passion, Death, and resurrection of Your beloved Son has raised their state to one of most tender and joyful hope; help us to love, respect, and serve each other in the fruitful bounds of your created order. Amen.

This week, your child learned that:

- To understand what it means to be made imago Dei, “in the image of God,” we must know who God is and what He is like.
- Human beings are made in the image of God not only as individual persons, but most perfectly as male and female in a common union (communion) of love.
- The image of God is made visible in and through the body.
