Conversations

Think about all the people you know: your family, friends, the people in your classroom, community, and parish. Is there someone you can think of who needs help, who is sick, lonely, or unhappy? **What can you do to help that person? Now do it.**

Imagine you are St. Mark listening to St. Peter tell you about Jesus. What are the sorts of questions you would ask? What are the things you would want to know? **What are things you can do to get to know Jesus better today?**
