

Family Photo Packet

Throughout the year, your child will be pasting photographs into his or her own Holy Family Album to show how Jesus is at the heart of every home.

Please collect these photographs into a single packet and give them to your child's catechist. That way the catechist can keep the photographs on hand for when your child will need them.

If you do not have one or more of the photographs listed below, then your child will be able to draw and color the scene in his or her Holy Family Album.

- ▶ Your child's ultrasound photograph.
- ▶ A family picture from the day your child was born.
- ▶ A current family photo.
- ▶ A photograph of your child with his or her cousins.
- ▶ A photograph of your child's Baptism.
- ▶ Your wedding picture, or a photograph of the wedding of another married couple in your family.
- ▶ A photograph of the family sharing a meal.
- ▶ A photograph of the family celebrating Easter.
- ▶ A headshot of your child.
- ▶ A photograph of your family at your parish.
