Family Talk Time

Can you think of some of the gifts and talents God has given to you? Do you practice the things you are talented in? What is an example of self-giving loving?

Prayer to say as a family this week:

Dear Father, we thank you for your blessings and for the unique gifts of our talents. Please increase our holiness so that we may use our gifts in your service and to spread your love to others. We ask this in the name of Jesus Christ, Our Lord. Amen.

This week, your child learned that:

- Students will and Holiness means living as the Lord lives – in self-giving love.
- Vocations, or calls to various states of life, are not something received only by a select few. Rather, God calls each and every one of us to be holy.
- All individuals receive special gifts and talents from God and can live out their vocations.
