**Family Talk Time**

What is your favorite animal, and how would you care for it?

**Prayer to say as a family this week:**

God made all the animals,
The ones that fly, the ones that swim.
God made me in His image,
Oh, how I love Him! Amen.

---

**This week, your child learned that:**

- God created all things, including all of the animals and human beings.
- Because only humans were created in God’s image and likeness, God loves us in a special way.
- God gave human beings the special responsibility of being the stewards of creation.
