

# Free of Error?

## TEACHER RESOURCE

**Note:** With another adult, perform the following skit for your students. After performing the skit, use the questions in the lesson plan to quiz the students on what happened. Keep track of the number of errors they make with a tally on the board.

**CHRIS:** Hi, Pat. How are you?

**PAT:** I'm doing okay. I've had a cold for a week now, though.

**CHRIS:** I'm sorry. I hope you feel better. Where are you heading?

**PAT:** I'm off to Mr. Bishop's grocery store. There are lots of things I need for Jane's birthday party on Saturday.

**CHRIS:** How exciting! How old is Jane going to be?

**PAT:** She's turning eight. She wants a chocolate cake with chocolate frosting. The girl really loves chocolate!

**CHRIS:** That's good to know. What else do you have planned for the party?

**PAT:** We're going to go swimming and then play Frisbee. Then we'll do some arts and crafts.

**CHRIS:** That sounds fun. My niece Alicia is in town – she's visiting from London – and is about the same age as Jane. Say, do you think we could drop by the party? I'll bring some chocolate chip cookies!

**PAT:** She'll love that. Well, I've got to get going. See you Saturday!
